PROFILE

Third-year Bachelor of Science in Computer Science student at Saint Louis University with a solid foundation in front-end development and software fundamentals. Skilled in building responsive and user-friendly web interfaces using modern technologies. Eager to gain hands-on experience through an OJT opportunity where I can contribute to real-world projects, strengthen my development skills, and grow as a developer in a collaborative environment.

EDUCATION

Bachelor of Science in Computer Science
Saint Louis University — Baguio City, Philippines
2022 — 2028 (Expected)
Relevant Coursework:
Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems, Operating Systems, Computer Networks, Software Engineering, Web Development, Discrete Mathematics

---

TECHNICAL SKILLS

Languages:
Java, C, Python, JavaScript, PHP, HTML5, CSS3, SQL
Frameworks & Libraries:
React, Tailwind CSS, Bootstrap, Node.js *(currently learning)*
Databases:
MySQL, phpMyAdmin
Tools & Technologies:
Git, GitHub, Visual Studio Code, Figma, Docker, Browser Developer Tools

---

ACADEMIC & COLLABORATIVE WORK

- Developed and implemented programming projects as part of coursework, focusing on object-oriented design, data structures, and database integration
- Collaborated in group-based software development tasks, applying version control and basic agile practices
- Built responsive web interfaces using HTML, CSS, and JavaScript during academic exercises
- Applied problem-solving and debugging techniques across multiple programming languages

---

ADDITIONAL INFORMATION

- Strong interest in front-end development and UI/UX design
- Fast learner with the ability to adapt to new technologies
- Team-oriented with experience in collaborative academic projects
- Willing to learn and take on new challenges in a professional setting

---
